

# Moonlight Kiss

## Bap Kennedy

I can feel my heart  
And it's fit to burst  
I try to clean it up  
But I just get worseWish I could fall  
On a night like this  
Into your lovin' arms  
For a moonlight kissI thought I saw your face  
In the evenin' sky  
On a lonesome cloud  
That was driftin' byI wish I could fall  
On a night like this  
Into your lovin' arms  
For a moonlight kissYou got someone else  
Maybe it's for the best  
Since I took the cure  
For happinessAnd I'd trade it all  
On a night like this  
For your lovin' arms  
And a moonlight kissFor your lovin' arms  
And a moonlight kissLovin' arms  
And a moonlight kiss  
Ooh, yeah
