

Picture This

B.E.F.

Ooh-in, yeah

F O X nigga, Made Men, it's official gangsta' shit
Trackmasters, that's right, what you know about this?

B.K., yeah, woo

While you hoes play rich, I'm a made bitch
It's funny, how you bitches forget who the don-ga-gun bitch?
Filthy rich and I don't hate, I still throw on some Sean John shit

Ears all rocking, ankle frostbit

Fox to cocky, nigga, know your place

Nigga won't fuck this til I cop a case

Face no dudes in this shit, I'm a classy bitch

A niggas style and my dot six shits

Before I run through Prada and skate through the district

Niggas wanna see me on some real flip shit

Cop my biscuit on some fuck-a-do shit

What? Niggas forgot that I'm a BK bitch

And it gets no iller than this, cocksucker

Is it the rocks on my wrist that got you amazed?

Or the cars that I whip that got you dazed?

Or the way I be lookin' when I rock my braids

And of course y'all know, my niggas amazed

So fuck what you heard, it's simple and plain

Benzino cock back shit to shock your brain

Can't stop that 'til I lock this game

Won't hold back, I want lots of fame

Picture this

Who the fuck, niggas think they are?

F O X Y pull niggas car

Niggas got to meet me at the bar

Take a bitch to burp off while I'm sliding off

Picture that

Who the fuck chicks think they are?

M A D E pulls bitches cars

Hookas better meet us at the bar

We ain't gon' shop, unless it's on and pop

Y'all niggas kill me tryin' to bang on wax

Fake gangstas, my shit bang on tracks

And before you know it, dude, I be bangin' your act

You not a real thug, I mean, she told me that
And don't get it twisted 'cause I hold the gat
Don't try and risk it, I won't hold it back
Me, Benzino, kill you over a bitch?
What? Picture that
Picture this
Who the fuck, niggas think they are?
F O X Y pull niggas car
Niggas got to meet me at the bar
Take a bitch to burp off while I'm sliding off
Picture that
Who the fuck chicks think they are?
M A D E pulls bitches cars
Hookas better meet us at the bar
We ain't gon? shop, unless it?s on and pop
