

Kiss the Tears Away

[Stevie B](#)

If the tears should suddenly appear in your eyes I can help to make them disappear come to me and I will Kiss the tears away love away the heartache I'll be the one to give you love when your world come undone and if your heart should ever break Baby just remember I 'll be right there to kiss the tears away these arms will keep you warm when you 're feeling cold and lonely when you need a shoulder baby come to me, you can come to me and I will you know sometimes life can get a little bit tough even for you and me but there's something I want you to know no matter where you are no matter how far I will always be there to kiss the tears away...
