Teutonic Terror
Back to the frontlinesback to the night
Medieval maraudersunder the lights
Back for the plunderthe thrill of the flames
The roar of the thunderback in the game
Storming the castlesswords in the air
Killing the monsters in their own lair
Lighting the torchessetting the stage
You get what you ask forrrright in the faceSix string sabres screams in the night
War clubs poundingliving just for the fight
chorus
So we drivethru the night
With the howling wind at our backs
Riding on Teutonic Terror
We will Give em' the Axe
We willGive em' the AxeString up the razorssharpen the blades
Tighten the skins upno one escapes
Crank up the grindstoneload up the sleds
Saddle the horsesOff with their Heads!Six string sabres and screams in the night
War clubs poundingliving just for the fight

With the howling wind at our backs
Riding on Teutonic Terror
We will Give em' the Axe

For the raging frontal attack
Delivering the Teutonic Terror
We will Give em' the Axe
