Seven Tears

Scream Silence

how should i know
where's the place where fade the stars
how should i know
how it feels to live in tide as lasthow should i know
how it feels to dive in the sky
how should i know
how it feels to escapei can't slip away.....just a wee bit to rest
take my hand - let us twosome flee home
seven tears
melt away by your grace
how you sleep warm and safe
please agree....
