

# Seven Tears

## Scream Silence

how should i know  
where's the place where fade the stars  
how should i know  
how it feels to live in tide as lasthow should i know  
how it feels to dive in the sky  
how should i know  
how it feels to escapei can't slip away.....just a wee bit to rest  
take my hand - let us twosome flee home  
seven tears  
melt away by your grace  
how you sleep warm and safe  
please agree....
