# Feels Like Home

## Glenn Hughes

It's been so long, how the time it slips away
I don't know how long I've been gone
And I feel strong and I only want to say
Sleepin' on my pillow in a velvet dream
Now you know what I was wishing forLookin' through my window, I know what it means
You know you'll always be the one wherever I go
And I'll never have to be alone 'cos it feels like homeNow it's goodbye to the hard times
I'm gonna leave them all behind
And I know why I keep movin'
Inside me is your picture painted just for youI hope dear God you guide me through the dawn
I will never leave you, you know I'm not that kind
I'll be with you in the morning sun 'cos I need you soAnd you know, it's been so long but it feels like home
And you know you'll always be the one wherever I go
And I'll never have to be alone 'cos it feels like homeAnd I want to be where my mind is free
Take the shackles away from my hands
Like the willow tree, you keep callin' me
We grow stronger, together we standWhen I open my eyes, I realize that love has overcome me
'Cos you're gonna see what you want me to be
And I won't keep you waitin'I am coming back, down the railroad track
I'm gonna find you, I'm gonna find you
'Cos I don't wanna live my life alone
I'm gonna spend my days with love and hope
And understanding out in the garden of EdenThis is my life, this is my dream
Now I know just what it means
And I'll never have to be alone 'cos it feels like home
