

Mirrors of Melancholy

Mercyless

[Lead Stephane]Embedded in your mind
Like a sin, a sight
Mass extinction
Uttering a cry
Infecting your soul
Liquid of fireA newborn rises, a different thing
Trying to reach you know
Strange perceptions, I've lost
Philosophy includes a life after death
Broken desires, innards explorationsEnjoy this day as a child
Tragic clouds above the sky
Tomorrow will be a demise
Fascinated by your own age
Look at the mirror, and then you'll see
Morbid smile appears in your mouth
A light drives me blind
Unable to decide which is wrong
Presence of fog still in your eyes
Now it's time for life's retribution
I'm so indifferentDying - futile existence
Not quite sure what i find
Protected - sordid confines
A visual quality inside[Lead Stephane]Sarcastic screams
Rancid world of lies
Satisfy what all I need
Different fluids in me
Embedded in your mind
Like a sin, a sight
Mass extinction
Uttering a cry
Infecting your soul
Liquid of fireDying - futile existence
Not quite sure what i find
Protected - sordid confines
A visual quality insideThe flowers that smile today
Tomorrow dies
All that we wish to say
Tempt and then flies
What is his world's delight?

Lightning that mocks the night...

Brief even as bright!
