Waiting

Lena Katina

We felt like one 'til you ran away
Now we're just like strangers
A past they have strayed
And here I wonder where it all went wrong
'Cause we were gonna change the world
Why do we have to lose it all?I'm waiting
I'll keep on waiting for you
I'm waiting, keep on waiting only for you
Ran away, should've stayed
Ran away, should've stayed
Ran away, ran awayWaiting for you
I'll keep on waiting, waiting for youI still remember the things you would say
Like a bed-time story the time washed away
And now I wonder where it all went wrong
I'm trying just to find a rule
So I wanna let you knowI'm waiting
I'll keep on waiting for you
I'm waiting, keep on waiting only for you
Ran away, should've stayed
Ran away, should've stayed
Ran away, ran awayAs I close my eyes I see
A dream of you and me
I wake up, you dissapearI'm waiting
I'll keep on waiting for youI'm waiting
Keep on waiting only for you
I'm waiting, I'll keep on waiting only for you
I'm waiting, keep on waiting only for you
Ran away, should've stayed
Ran away, should've stayed
Ran away, ran awayRan away, should've stayed
Ran away, should've stayed
Ran away, ran awayI'm waiting
I'm waiting
I'm waiting
I'm waiting
