

Give It All Away

Pete Droge

I could turn my eyes away
Drawn to your reckless holiday
Like a crash on the highway
Everyone is watching you
Wondering what you might do Give it all away
Much more than I could take
Give it all away
Never asking nothing in return I could not turn and walk away
What have you done to make me stay?
I'm a slave in your (dreaming)?
Everyone is watching me
Wondering how I shake free Give it all away
Much more than I could take
Give it all away
Never asking nothing in return Slow down
You're never gonna slow down
Run 'round
Until you hit the ground Everyone is watching you
Wondering what you might do
Give it all away
Much more than I could take
Give it all away
Never asking nothing in return
