

Gone

Gemma Fox

[Juelz]

Its all about you,
I morn without you,
Girl I can't go on without you,
I'm lost, I'm done, I'm poor without you, body cold, I
Can't get warm without you.[Gemma]
Boy, get up out my face,
Tellin me what to wear,
Betta go, yes or no, we ain't even gotta go there.
Your houndin' me, bare
Drama surroundin me, tellin me, how I shud be,
Ain't support shit around me.
You think your, Tony Soprano, with you're ruessio,
You betta let go, cause I ain't feelin, da cards you're dealin,
Ain't no love law, you better back off[Chorus]
So you think you got control of me, owning me,
Without you even knowin me, but I,
Don't like the things you showin' me, so its time you moved on.
I'm not tryna be agressin dis, stressin dis,
Like I'ma the possesiness, but I, sik of you depressin dis,
So its goodbye your gone.[Gemma]
How you tellin me, who you think my friends can be,
Turn against my family, you want to keep me to yourself,
You mad as shit, think I'ma put up with this,
I'm the kind to love and kiss, your the kind to hit and miss, you think your,
A wise guy, but wise guys, get the bye bye, I see you cryin,
Don't like the line, ain't no love loss, you better back off[Chorus][Juelz]
All you do is listen to you're girlfriends,
Lil do you kno, all her info, she gettin from a girlfriend,
I used to think you got your ways from your mama,
But now I'm startin to see, you get it from your girlfriends,
It's like our life is their entertainment, and you entertainin,
Like I entertain them, now you want to put me in a container,
Dump me like a dumpster, give me the retainer,
Say I'm gettin on your damn nerves, now you know how I felt,
When you were askin' for money to get
Your hair permed, but I ain't here to stold da matter,
I'm here to be a bigger man and mold the matter, give me your heart

Let me mold it back up, thats the least I can do for a thing fourth due! [Chorus]
