

Hot or What

Mark Knopfler

She came on the river
With a gift for me
I'm in way deep
That's how it has to be
It's hot in the desert
But I'm cool in the zone
People call me lucky
But I say you make your own I'm on a roll
Yeah, I'm on a roll
I'm runnin' hot
Baby, am I hot or what? This is outrageous
I got all kinds of stuff
Can I dodge bullets
And can I bluff
Hot shots keep on a' coming
Looking for a fight
But the names are going down
To the left and to the right And I'm on a roll
Yeah, yeah, yeah, I'm on a roll
I'm runnin' hot
Baby, am I hot or what? It gets dark at night
That's how it goes
It gets cold in winter
Don't be surprised if it snows
You wanna play Hold'em
With my friend Mr Chan
If you lose your stack, well
You sure can't blame the man Ha! ha! ha!
Ha! ha! ha!
I'm runnin' hot
Baby, am I hot or what? They play with me a while
I'll read 'em like a book
Let's go have a drink or two
And talk about the scalps I took
I got a big old stack
I had me a big old day
Tomorrow I go back
Gonna take it all the way 'Cos I'm on a roll
Yeah, yeah, yeah, I'm on a roll

I'm runnin' hot
Baby, am I hot or what?
I said I'm runnin' hot, baby
Baby, am I hot or what?
