

Read My Mind

[J Fernandez](#)

No conversation and everything is fine

I guess the numbers

and not any others

Ignore the voices

tell me otherwise

I don't want to know

it keeps me sinking

a sinking feeling

Where do you come from?

Erase your name

replacing everyone

Can you read my mind?

And see the patterns I have left behind

Relief uneven

I can do no wrong

Keep plugging your doors

You aren't safe here anymore

Attempt to stop me

But never let you in

You're working backwards

Discover after

Where do you come from?

Erase your name

replacing everyone

Can you read my mind?

And see the patterns I've left behindWhere do you come from

Erase your name

replacing everyone

Can you read my mind?

And see the patterns I've left behind

Where did we go wrong?

Replace your name

Erasing everyone

Can you read my mind?

And see the patterns I have left behind
