

Boom

Simple Plan

[Simple Plan]

In a world full of heart ache
Seems like everyone's burning out
You and me we did it our way
And this love ain't running out
We got that fire, that cold
And I just need you to know You're my favorite song
My sing along
You shine bright like lighters in the dark and
You're my clarity
The best part of me
You still make my crazy little heart go boom!
Wo wo wo boom!
Wo wo wo boom!
Wo wo wo
You still make my crazy little heart go boom! Don't worry about tomorrow
Cause these walls will never fall
I just want to let the world know
What we got is unbreakable
We got it under control
We're good we're silent we're gold You're my favorite song
My sing along
You shine bright like lighters in the dark and
You're my clarity
The best part of me
You still make my crazy little heart go boom!
Wo wo wo boom!
Wo wo wo boom!
Wo wo wo
You still make my crazy little heart go boom! You make crazy little heart go
And I want everyone to let go
Hey
You make crazy little heart go
Now I never want to let go Wo wo wo boom!
Wo wo wo You're my favorite song
My sing along
You shine bright like lighters in the dark and
You're my clarity
The best part of me

You still make my crazy little heart go boom!

Wo wo wo boom!

Wo wo wo boom!

Wo wo wo

You still make my crazy little heart go boom!
