Nearer

Apoptygma Berzerk

You are reaching your goals
But I'm still trapped inside the mine
Before the break of day
You will be gone and far awayIn solitude
With no place to run or hide
I hear my own mind cry
And I fall just to see you riseAnd I will go down on my knees
And pray the best that I can
I want you to be near...
And I will go down on my knees
And try to make you understand
My deepest fearWith pain in my heart
I will travel on my own
To a place inside
Where I can be aloneIn solitude
With no place to run or hide
Again I hear this voice cry out
And I fall just to see you riseAnd I will go down on my knees
And pray the best that I can
I want you to be near...
And I will go down on my knees
And try to make you understand
My deepest fearIn solitude
With no place to run or hide
I hear my own mind cry
And I fall just to see you riseAnd I will go down on my knees
And pray the best that I can
I want you to be near...
And I will go down on my knees
And try to make you understand
My deepest fearAnd I will go down on my knees
And pray the best that I can
I want you to be near...
And I will go down on my knees
And try to make you understand
My deepest fear
