Swimming Upstream

Maeve O'Boyle

I stand still in water
'Fore I dive in
Will it taste as sweet
As I'm hoping

Cause I'm so tired
Oh so tired
Of swimming upstream

So I sail close to the shoreline
Cause every time I find myself at sea
I'm consumed by the tide
I never heal completely

Oh no
Cause I'm so tired
Oh so tired
Of swimming upstream

And if I fall
Fall in deep
Deep in love with you
Will you stay by my side
Love me my whole life through

If I take this voyage
If I take this voyage
With you

Faith's so hard to recover
When it goes against what I believe
But now nothings making sense
So I stop listening to myself
Before I lose to your mystery

Cause I'm so tired
Oh so tired
Of swimming up stream

And if I fall

Falling in deep
Deep in love with you
Will you stay
By my side
Love me my whole life through

If I take this voyage
If I take this voyage
With you

And if I fall
Falling in deep
Deep in love with you
Will you stay by my side
And love me my whole life through

If I take this voyage
If I take this voyage
With you

And if I fall
Falling in deep
Deep in love with you
Will you stay by my side
And love me my whole life through

If I take this voyage
If I take this voyage
With you
