Give Me a Smile (BBC)

Robin Gibb

Ah...
It's not the way you say to me, I'll wave goodbye
It's not the search to try to say the tears you'll cry
Because I am crying too for the thought of leaving youYou have to give me a smile as leave you treasure
Do it in style and believe in yourself
'cause while I'm away I will stay firm beside you
And then I will go with the thought that you tried not to breakYou mean heaven to me and when I return to thee
We'll see our own love
You may not know but I do miss you earnestly
Of all the moments in our time, there's none like this
And ev'ry day when our lips met, there's none so bliss
For when I say sweet c'est la vie,
I laugh and leave with tears on me
You better give me a smile as I leave you heather,
Treasure yourself and find time for no else
For while I'm away I will stay firm beside you
And then I will leave with the thought that you tried not to cryAh...
