Us And Ours

Mark Owen

Gold house breaking into piece
I love you singing hallelujah
Earth wonâ€™t fall but the mountainâ€™s gonna shape
How we dancing in the waves tonight

Speed lights shootin in the corner
Star by simple little minds
Weâ€™re falling like birds from the open sky
How we ignore a big fire

You said donâ€™t, donâ€™t waste your time or mine
Eyes, theyâ€™ve got broken
Same that holds in tears that hide away oh oh

You said please donâ€™t ask me for the last word
The silence starts in full swing
Weâ€™re listening â€˜cause somebody that hurts is somebody worth remembering

(Chorus1)
Oh oh oh oh oh
Us and ours
Oh oh oh oh oh
Itâ€™s gonna be a bright day someday afternoon
In this whole house you said it

(Chorus2)
Oh oh oh oh oh
Us and ours
Oh oh oh oh oh
Gonna like those eyes and know itâ€™s all flesh and bone
The sun will set and weâ€™ll all start dreaming

Also the comments that are held on my tongue
Lost along the way
Itâ€™s hard to lose anything that you never have
Might love the time we make

These daysâ€¦ getting something out of your faith
Wrap the words around it

But the true resultâ€™s on the perfect sense and itâ€™s made to be heard again

You said donâ€™t donâ€™t count your blessings too much
You make them less in size
And feel until itâ€™s gone away

You stayed, hold me
But please donâ€™t hold too tightly
Still got lots of lines to fill
And holes to fill and a body that hurts is a body worth living for

(Chorus1)
Oh oh oh oh oh
Us and ours
Oh oh oh oh oh
Itâ€™s gonna be a bright day someday afternoon
In this whole house you said it

(Chorus2)
Oh oh oh oh oh
Us and ours
Oh oh oh oh oh
Gonna like those eyes and know itâ€™s all flesh and bone
The sun will set and weâ€™ll all start dreaming
