Revolving

Dakona

He said I'm strong enough to leave you
He said I'd like to be your friend
A thousand days he said forever and ever
But ever's at an end . . . this bitter endAnd I come to you with good intentions
But I must have left them at your door
I guess I did not pay attention
Thought the flame was dead but it
Burns once more and now . . .Chorus:
I'm caught in an orbit around your sun
Revolving, revolving again
Each time I turn more damage is done
Revolving again and again and againThey say that time it heals the lonely
They say that time it never fails
But you failed me here
I still pretend it does not bother me
Like some man of steel on a bed of nailsChorusI should go and make this clear
But instead I will hang like a cheap chandelier
Over you over you over youChorus
