Outta My Head

Teedra Moses

Well, I think I'm goin outta my head...
Said I think I'm going out of my head...
I think I'm going out of my head
'cause my heart keeps yellin' for ya
But I know that we are so dead, gotta let it go
Holdin' on to all the memories that we had in the past
It ain't worth my tears
You could never bring the heartbreak again
Silly me, thinkin there could be no way
That we'd end up this way
And each day it gets clearer and clearer to me
That this is the only way
Now that I found my way
My whole life has changed
And now I found happiness here without you
I think I'm goin outta my head
'cause my heart keeps yellin' for ya
Though I know that we are so dead, gotta let it go
All the memories that we had in the past
It ain't worth my tears
You could never bring heartbreak again
Silly me, still sometimes I think about ya
And I just try to let it pass by
'cause I know that I probably will always love you

'cause you were the first one for me
But I found happiness here without you
Used to think maybe but baby
Now I am so sure that you and me
Will only lead me back to heartbreak
I think I'm goin' outta my head
Cause my heart keeps yellin' for ya
Though I know that we are so dead, gotta let it go,
Holding on to all the memories that we had in the past
It ain't worth my tears
You could never bring heartbreak again
I think I'm goin outta my head
Said I think I'm goin outta my head
Think I'm goin outta my head

Said I think I'm goin outta my head
Think I'm goin outta my head
Cause my heart keeps yellin' for ya
Though I know that we are so dead, gotta let it go
Holding on to all the memories that we had in the past
It ain't worth my tears
You can never bring the heartache again
