

It's 5!

Architecture in Helsinki

Stranger danger, danger stranger

When you gonna follow through? The mistake you don't make or the rain cloud covers above your house

Steal the feeling and focus on the flames, girl Have I failed to impress you?

Could've sworn that wine and one and four made two,

But it's 5!

It's 5! Can I ride with you until the sunset gets all red? And we'll get chased by the moon Hope the passion don't

fade since you decided he's your spouse

Wheeling, dealing, joking things will change, girl Have I failed to impress you?

Could've sworn that wine and one and four made two,

But it's 5!

It is 5!
