Divine

The Stereo

my face is burning from the sun
and I'm not having any fun
everyone is on the run
my friends they tried to let me know
but I tried not to let it show
now I've got no where else to go
and you will not be alone
you can be sure of that cause I don't wanna go
you're divine, so divine
take what's mine
my heart, my soul and everything I own
you make it so believable, so believable
that I could have someone to call my own
I lost the race that I had run in place of having anyone
I told myself that I was done
and now I have to see it through
cause my loose ends are tied to you
what am I supposed to do?
and you will not be alone
you can be sure of that cause I don't wanna go
you're divine, so divine
take what's mine
my heart, my soul and everything I own
you make it so believable, so believable
that I could have someone
what do I have to do? what can I say to get to you?
what if it is much worse on the inside?
maybe what I said was wrong
and maybe we weren't meant to get along
maybe i feel much worse on the inside? on the inside, on the inside
you're divine, so divine
take what's mine
my heart, my soul and everything I own
well, you make it so believable, so believable
that I could have someone
