Some Day

Frankie Laine

Someday you will seek me and find me
Someday of the days that shall be
Oh, surely you will come and remind me
Of a dream that is calling for you and for meAnd someday when the winter is over
Someday in the flush of the spring
My soul shall discover the soul born for my lover
The girl who can make me a kingAnd someday when the winter is over
Someday in the flush of the spring
My soul shall discover the soul born for my lover
The girl who can make me a king
