

Low Key (feat. Tyga)

Ally Brooke

[Chorus: Ally Brooke]

Low key, low key you should really get to know me

Low key, low key you should really get to know me

Yeah, I know you've got some things that you could show me

Low key, low key you should really get to know me [Verse 1: Ally Brooke]

I see you looking at my body very closely

But there's a lot of things about me that you don't see

You know we could take it fast or take it slowly

We could fly out to Ibiza and get cosy [Pre-Chorus: Ally Brooke]

All your friends are looking for you, they don't know where you're at

'Cause you left with me and slipped out the back

[Chorus: Ally Brooke]

Low key, low key you should really get to know me

Low key, low key you should really get to know me

Yeah, I know you've got some things that you could show me

Low key, low key you should really get to know me [Verse 2: Ally Brooke]

Let's forget about our phones until the morning ('Till the morning)

We can post up, no one gets to see our story (Oh no)

I can take you places you ain't been before me

Then, the rest I guess is self-explanatory [Pre-Chorus: Ally Brooke]

All your friends are looking for you, they don't know where you're at

'Cause you left with me and slipped out the back [Chorus: Ally Brooke]

Low key, low key you should really get to know me

Low key, low key you should really get to know me

Yeah, I know you've got some things that you could show me

Low key, low key you should really get to know me

[Post-Chorus: Ally Brooke]

La, la-la, la-la, la

La-la-la-la, la

La-la, la-la, la

La-la-la-la

La, la-la, la-la, la (Uh-huh)

La-la-la-la, la

La-la, la-la, la

La-la-la-la [Verse 3: Tyga]

(Yeah)

I see you watching, you been plotting on me, low key, yeah (Low key)

I put this ice up on your neck and freeze your body, yeah

I've been known to be giving

Get it, then I spend it
Invent a new wave, then I re-invent it
Baguettes on your wrist now, can't be acting timid (Woo)
Take you to New Mexico, ain't nobody rented
Throw me that ally, I'ma dunk and win it
I ain't looking for love but it's been a minute
Serve it on a plate, I'ma come and get it
You love it, I like it, it's litty[Chorus: Ally Brooke]
Low key, low key you should really get to know me
Low key, low key you should really get to know me
Yeah, I know you've got some things that you could show me
Low key, low key you should really get to know me (Really get to know me)[Post-Chorus: Ally Brooke]
La, la-la, la-la, la
La-la-la-la, la
La-la, la-la, la
La-la-la-la
La, la-la, la-la, la
La-la-la-la, la
La-la, la-la, la
La-la-la-la
