The Strings That Tie You Down

[Vince Gill](#)

(Max D. Barnes - Vince Gill)You're so close to telling me your leaving
Packing up your things and leaving town
If you can walk away the rest is easy
Once you cut the strings that tie you down.Just look me in the eye and say it's over
Just tell me you don't want me around
Once you say goodbye it's gone forever
Once you cut the strings that tie you down.
--- Instrumental ---There's no way I can picture me without you
I still think of you in your wedding gown
If I have to give you up may God be with you
Once you cut the strings that tie you down.
Just look me in the eye and say it's over
Just tell me you don't want me around
Once you say goodbye it's gone forever
Once you cut the strings that tie you down.Once you say goodbye it's gone forever
Once you cut the strings that tie you down...
