Sedna

Megadrummer

Your ways
Tipping me over
Darkest woman
Taking allYour ways
Taking me over
bottom talked to the hookI'll let him
I'll fallYou spend the night
without loveYour ways
Tipping me overAll living is
taking me over
There's a true sin
calling for the nightAll living is
taking me over
There's a true sin
calling for the nightGotta love what you said
Stop taking me over
forgot what it means to apologizeSedna looked at the sea
All your love it starts slow
lonely where it's calling for the closeAnd your ways...
