

# Heart of Stone

## Karnataka

Did you hope for more  
Could you really see a different way  
Disappointment shows  
In everything you long to say  
Give it up baby, this is your road  
Made your home with me  
Didn't stop to think or wonder why  
Now you know you need something else to get you by  
Don't need to tell me  
I don't want to know  
Another silence, another day  
Are you still afraid  
To say that I was wrong  
To break these chains  
Does your freedom lie beyond these walls  
Just passing time?  
Take it my lovely, this is for you  
One and only, only you  
In a perfect world  
I could give you all you need to stay  
I would never try to hold you back  
Or get in your way  
Always a dreamer  
Always the fool  
Heaven help me  
Heart of stone  
After the light goes out goes out  
I know I'm on my way  
I know I know  
It's alright  
It's alright  
After the light goes out goes out  
I know I'm on my way  
It's alright  
It's alright  
How you touch me with your heart of stone  
Tell me all your jealous stories  
Every time I steal away  
You know I suffer the same  
Like the clouds in your perfect sky  
Where not all that glitters is golden  
In your arms 'til my body cries out  
For your heart of stone  
How you touch me with your heart of stone  
Tell me all your jealous stories

Every time I steal away  
You know I suffer the same  
Like the clouds in your perfect sky  
Where not all that glitters is golden  
In your arms 'til my body cries out  
For your heart of stone  
Heart of stone You light me up with your heart of stone  
Show the way out of the shadows  
Give me life like I've never known  
Shine your light on me How you touch me with your heart of stone  
Tell me all your jealous stories  
Every time I steal away  
I suffer the same  
Like the clouds in your perfect sky  
Where not all that glitters is golden  
In your arms 'til my body cries out  
For your heart of stone
