**Kina Grannis**

Paper made into sailboats  
Run around in our raincoats  
I was free, I was 5 years oldDaddy told me he loved me  
I picked his tie in the morning  
And he showed me the stars at night  
Take me home, homeMy collection of stickers  
Violin with my sisters  
Galaxies in an unknown skyWe all needed each other  
Be protected, protect her  
Couldn't let them go out of sight  
Take me home, home  
Take me home, homeTake back, keep holding on  
As long as we're here  
Take back, keep holding on  
As long as we're here  
It's never gone, gone  
Take me home, home  
Take me home, home  
Take me home, home
