# I Bow to None

## Benediction

I looked within myself and I turned
Many laddered mental maze burnt
Forever is the time that I walked along
Sufferance in silence is my syndromeTake my path - Never last
In ruthless pain - I'll always reign
Silent sound - Stalking ground
Cemetery run - I bow to noneDominating pray is my will
A homicidal urgeance to kill
Slash and stab the bitches of witchery
Deafening the screams of their agonyTake my path - Never last
In ruthless pain - I'll always reignSilent sound - Stalking ground
Cemetery run - I bow to noneIn my theatre of madness
Lone player on the stage
Woebegotten my audience
Momentary respite is taken from my rageShuddering in ecstasy
At the brutal crimes I've done
Your so blind you perfect fool
I bow to noneOpen wounds in arrogant bliss
Skillfully remove
Innards in a vulgar heap
And finally the wombTouch the flesh, desecrate the skin
Wading in the gore
Like a vulture I feed upon
This sacrificial whoreTheir living bodies leave me so vexed
Copulation joyous dead sex
Morbid absorbtion in fantasy
My auspicious orgasm parodyTook my path - Did not last
In ruthless pain - I always reigned
Silent sound - Stalking ground
Cemetery run - I bow to none
