

Reverie

[Megan McCauley](#)

Left here alone
And unsure of what I feel
Unclear but I see
Just what I'm afraid of I can't find my way anymore
And I
Cannot heal the wounds I've created
And I can't let go of what's killing me Falling from this edge
I am lost to all I know, hey I can't breathe anymore
Somehow I'm locked inside this cage
And I try
But I cannot fight to stay alive Falling from this edge
I am lost to all I know
Time is only the answer I see
And lies the only reverie I've tried
But I can't fight anymore I'm falling from this edge
I am lost to all I know
Time is only the answer I see
And lies the only reverie
