The Right Thing

Mandisa

I got all my excuses
I got my list of fears
I've counted all the reasons
Why you've called the wrong hero to be hereIt's not safe, it's just not worth it
Doing the right thing is just too hard
But i believed those lies long enough
And i'm not gonna listen anymore'Cause I remember you said you said
When all hope is gone
Help will come and(Chorus)
Give me strength to go father
And climb higher
Courage that burns inside like a fire
not turning back this is the dayI will do what I need to
And when I need you
I know you're love will come to the rescue
no turning back this is the day
I do the right thingSo what if I'm not the strongest
A little weaker than I'd like to be
Even I can do what's right because
I know the king is calling meTo live a life worth looking up to
Holding on to what matters most
Nobody said it was easy
But I know I will never go alone'Cause when all hope is gone
help will come from above(Repeat chorus x2)Submitted by Anonymous!
