

Glow

Chelsey Chavez

Some people have their own ways
Of getting through their darker days
Iâ€™ve seen you on your better days
Youâ€™d call us by our right names

And as youâ€™ve gracefully aged
Your mind was trapped in a maze
Couldnâ€™t imagine all this pain
Now all that I could do is pray

Glow
I just want you to know
Glow

Although the tables have turned
I will love you in return
For everything that you have done
The strength I find in you is in no one
No words will ever do
Iâ€™m blessed to have you

Your memory started fading fast
Always remembering the past
This wasnâ€™t in your plans
But only God could understand

Your voice will always sing to me
That sweet soft melody
And if I ever feel alone
Your words will always bring me home

Glow
I just need you to know
Glow

Although the tables have turned
I will love you in return
For everything that you have done
The strength I find in you is in no one
No words will ever do

Iâ€™m blessed to have you

Glow
Ohhhh oh
Ohhhh
Ohhhh oh
Glow
Ohhhh oh
Ohhhh

Glow
Ohhhh oh
Ohhhh
Ohhhh oh
Glow
Ohhhh oh
Ohhhh
Glow
Ohhhh oh
Ohhhh
Ohhhh oh
Glow

Although the tables have turned
I will love you in return
For everything that you have done
The strength I find in you is in no one
No words will ever do
Iâ€™m blessed to have you
