

# Cassie (Acoustic)

## Flyleaf

The question asked in order  
To save her life or take it  
The answer no to avoid death  
The answer yes would make it, make it Do you believe in God  
Written on the bullet  
Say yes to pull the trigger  
Do you believe in God  
Written on the bullet  
And Cassie pulled the trigger All heads are bowed in silence  
To remember her last sentence  
She answered him knowing what would happen  
Her last words still hanging in the air  
(In the air) Do you believe in God  
Written on the bullet  
Say yes to pull the trigger  
Do you believe in God  
Written on the bullet  
And Cassie pulled the trigger How many will die?  
I will die  
I, I will say yes Do you believe in God  
Written on the bullet  
Say yes or pull the trigger  
Do you believe in God  
Written on the bullet  
And Cassie pulled the trigger  
Do you believe in God  
Do you believe in God  
Do you believe in God  
And I will pull the trigger
