

Daddy's Little Girl

[Dana Fuchs](#)

Daddy's little girl's gone sad tonight
daddy's little girl's gone sad
you found a perfect stranger to hold you tight
another one to make you feel badPut a fresh face on to pick a new fight -
the best dress on that you haveDaddy's little girl's gone sad tonight
everything is fine when nothing's right
scared of the dark runnin' from the light
hold on tight---daddy's little girl
Do you worry about puttin' out every night
do you wanna get swept away
are you finding out it ain't about mr. right
he's too good for you anywayDaddy's little girl's gone sad tonight
everything is fine when nothin's right
scared of the dark runnin' from the light
hold on tight---daddy's little girlHe said he really doesn't need another friend
he ain't looking for your one night stand
you're out of love and running back again
ain't this the way your sad story endsOh daddy's little girl's gone sad tonight
everything is fine when nothin's right
scared of the dark runnin' from the light
hold on tight
Daddy's little girl's gone sad tonight
everything is fine when nothin's right
you scared of the dark runnin' from the light
hold on tight---daddy's little girl
hold on tight---daddy's little girl
