

D.U.I.

Hayla

-Fabolous-

Do you know why I stopped you
With your fine ass?

I was in the cut, you came flying past
Wish the way we met would have been different yo
But you was doing 55 in a 54
So pull over, that ass is too fat
I'll Rodney King that ass til your ass is blue-black
you you and I, I
We a team, high 5

Long time, no me, who you been doing?
I get over excited under your influence
Head in the whip won't blink a eye
Let you swallow but you really shouldn't drink and drive
Got your body swerving,
I'm trying to slow down cause the body curves is
Making me wanna bring it like bottle service
That [woo, woo] got you nervous

-Teyana Taylor-

You might think I'm crazy but I'm serious
I think it's best that you know now
That when I'm with you boy I get this feeling
And I don't wanna slow down
It's so unusual, the doctor can't prescribe the kinda stuff I'm on, It's you.
Oh, it's something beautiful.

Distracted behind the wheel, the way you lose control [for you]
You make me wanna ride and crash into your love, you got me high, oh baby
Another dui, your touch is like a drug you got me high
Intoxicated, I got another dui, a dui, a dui, Oh
A dui, a dui, a dui, i, i, i, i,

Every time you pick me up to ride around
My mind goes into danger zone
Only meant to kiss my lips and I don't wanna stop
My body says go, go
What's gotten into me?
It's like I grabbed a whole bottle of hennessy
And took it to the head, you got me dizzy
Tell my ex boyfriend I DO'd [?unsure of lyrics?]

Won't let me go, oh no
You make me ride and crash into your love, you got me high, oh baby
Another dui, your touch is like a drug you got me high
Intoxicated, I got another dui, a dui, a dui, whoa,
Another dui, a dui, a dui, i, i, i, i,
-Jadakiss-

Strap up, put your belts on [Strap up]
and you know it's alright, but it felt wrong
Matter of fact, it felt good and it felt warm
Like hot wax on your body when it melts on
I see you into him, what you been doing, huh
Driving under the influence,
Like a special vibe that you trying to send to him,
But you purposely tryna crash into him.
That's what the love is, that's what the bug is
That's what the benefits of messing with a thug is
Yeah, even though we above this, I just hope you got full coverage
-Teyana-

You make me ride and crash into your love, you got me high, oh baby
Another dui, your touch is like a drug you got me high
Intoxicated, I got another dui, a dui, a dui, whoa,
Another dui, a dui, a dui, i, i, i, i,
