Take the Shot

Ruben Studdard

Ladies and gentlemen the time is now
Y'all all been waitin'
We gone rock this now
(Swiss beats)
Oh yea, oh yeaIt don't matter
That I got a house wit a lot of rooms, sittin' on a hill
It don't matter
That I got cars in my garage sittin' on a lot of rims
It don't matterThat everywhere I go girls be screamin' my name
Material things come and go, I just wanna let you know
That I wanna make it right and that I need you in my life
I'm down by two points and a three can win the gameWhat you gone do girl?
You got the ball, make a move girl
You got my heart, take the shot c'mon
Take the shot, take the shot c'mon
(C'mon)And win the game girl
(You got the ball)
'Cuz its your world, take the shot c'mon
Take the shot,take the shot c'mon
(You got my heart)
Take the shotIt don't matter
That you see me all the time in the club
It don't matter
'Cuz deep down inside a player wants some love
It don't matterThat I can get a girl to come home with me
(Home with me)
But I don't do one night stands no mo
(No mo)
Girl, I'm tryin' to let you knowThat I wanna make it right
(Wanna make it right)
And that I need you in my life
(Yes, I do)
Down by two points and a three can win the gameWhat you gone do girl?
You got the ball, make a move girl
You got my heart, take the shot c'mon
Take the shot, take the shot c'mon
(C'mon)You got it, you got it, you got it

You got it, you got it, you got it

My heart, my body and soulYou got the green light
So make a move
(So make a move)
I'm down by 2 points and a 3 can win the gameWhat you gone do girl?
You got the ball, make a move girl
You got my heart, take the shot c'mon
Take the shot, take the shot c'mon
(C'mon)And win the game girl
(You got the ball)
'Cuz its your world, take the shot c'mon
Take the shot,take the shot c'mon
(You got my heart)
Take the shotWhat you gone do girl?
You got the ball, make a move girl
You got my heart, take the shot c'mon
Take the shot, take the shot c'mon
(C'mon)And win the game girl
(You got the ball)
'Cuz its your world, take the shot c'mon
Take the shot,take the shot c'mon
(You got my heart)
