

Out of Focus (2015 Remastered Version)

Mick Jagger

I saw a glittering moon
I saw a beautiful morning
Shining on the hill
And I grabbed the cat by the tail
The future with my finger nails
But now I live in fear It's all out of focus
It's all, baby, so unclear
It's all out of focus
It's all, baby, so unreal I saw towering spires, I heard beautiful chimes, I heard them peal
I saw visions of grace, I saw heavenly place, then it disappeared Maybe I lied a little bit too much
Maybe I cried a little bit too much
I saw the future just shatter in glass It's all out of focus
It's all, baby, so unclear
It's all out of focus
And nothing is revealed I was walking on clouds, yeah and talking so proud,
but I did not hear
Voices singing so loud, said you're tumbling down,
to the streets of tears Maybe I lied a little bit too much
Maybe I cried a little bit too much
I saw the future just shatter in glass It's all out of focus
It's all, baby, so unclear
It's all such a joke
It's all, baby, so unreal Sometime I lied a little bit too hard
Sometime I cried a little bit too hard
I saw the future just vanish like glass It's all out of focus
It's all, baby, so unclear
It's all out of focus
And nothing is revealed Everybody tell me It's all out of focus
It's all so unreal
It's all out of focus
It's all out of focus
And nothing is reveal -
It's all out of focus
Focus
Focus Focus
It's all all all
It's all all all.....
