Come Running Back

Us The Duo

I sat alone to wait for you
You never told me you were leaving
I waited another hour or two
Before I came around to see thatYou yell when you get bored
You go away when you get mad
You slam the door to make a scene
Yet you're always coming backDon't you come running back
Come running back to me
Come running back
'Cause you wanna say sorry
Don't you come running back
Come running back to me
Come running back
'Cause you're lonely and you want me
'Cause you're lonely and you want me
I called your phone a time or two
The short ring told me you were
When you said I was the one
Did you ever really mean itYou cry when you're confused
You tell your friends when you get mad
You call your mom to make a scene
Yet you're always coming backDon't you come running back
Come running back to me
Come running back
'Cause you wanna say sorry
Don't you come running back
Come running back to me
Come running back
'Cause you're lonely and you want me
'Cause you're lonely and you want me
Now life will stuff you home
Now you said that you're all alone
I remember all our plans
Us in love and holding hands
I would usually call you then
Say "I'm sorry, let's try again."
But instead, I locked the door
I've seen it all
Ive seen it all beforeDon't you come running back

Come running back to me
Come running back
'Cause you wanna say sorry
Don't you come running back
Come running back to me
Come running back
'Cause you're lonely and you want meDon't you come running back
Come running back to me
Come running back
'Cause you wanna say sorry
Don't you come running back
Come running back to me
Come running back
'Cause you're lonely and you want me
Oh, oh, ohDon't you come running back
Come running back to me
Come running back
'Cause you're not really sorry
