Pray Nightfall

Paradise Lost

In my head this all is, In my head this all is
In my head this all is, In my head this all is
In my head...I hold on tight for this mortal ride
Rest my head 'til the morning's coming down on me
I realise my own sacrifice
Rest my head before somebody's going outIn my head this all is, In my head this all is
In my head this all is, In my head this all is
In my head...Pray nightfall release me
Then I could wander, Wander to deep sleepAwake despite another mortal night
Rest my head for sun is shining down on me
I realise try to synchronize
Rest my head or somebody's going downIn my head this all is, In my head this all is
In my head this all is, In my head this all is
In my head...Pray nightfall release me
Then I could wander, Wander to deep sleepTrying to make things work
Trying to make things right
Trying to make things work
Without serendipity in my lifeIt's in my head...Pray nightfall release me
Then I could wander, Wander to deep sleep
