## Green Jelly

Advisory - the following lyrics contain explicit language:

Got nothin' to do on a friday night  
Green jello sucks  
Ain't got no talent but that's all right  
Green jello sucks  
We're the worst the worst in the land  
Green jello sucks  
But come on! Gotta give us a hand  
Green jello sucks  
Iggy and Gerdy they're both good names  
Green jello sucks  
Maynard and Poopy they're both insane  
Green jello sucks  
But when life is just a game who's to blame?  
Green jello sucksGreen jello  
Green jello sucks  
Yeah, that's right we're it  
Green jello sucks  
We're the world's economic problems  
Green jello sucks  
You can blame it all on us it's our faultGod, Green jello sucks  
Hello jello, green jello  
Green jello sucks  
Hello jello, green jello  
Green jello sucks  
Hello jello, green jello  
Hello jello, green jello  
Hello jello, green jello  
Green jello, Green jello  
Jello for the future jello for the future  
Jello for the future jello for your future  
And scream "green!"Green jello sucks  
Green jello sucks
