

Fantasy

Alabama

Fantasy, midnight and you and me
Ecstasy, spirits running wild and free
Take me away, away Outside on a blanket in the moonlight
It feels right with my arms around you tight
Laying under Heaven watching the stars, okay
While me and you and Mother Nature drift away Fantasy, midnight and you and me
Ecstasy, spirits running wild and free
Take me away, away Fantasy, midnight and you and me
Ecstasy, spirits running wild and free
