Solo

Rocola Bacalao

Intro -
I said I dont want to walk this earth
If I gotta do it solo
Verse 1 -
See yeah we used to be a team
Running the streets yeah
We was living out our dream, ohh
You used to be my rider
I was your provider
Now we separated in two
Pre-Chorus -
Oh and baby you left and sailed away alone (Yeah, alone)
And now you got me trapped up on this island
With no way to get home
Chorus -
And I dont wanna go, go
I dont wanna go, go
I dont want it no, no
I dont want it no, no
I dont want to walk this earth
If I gotta do it solo (solo)
Chorus 2 -
Cos I was so high
And now I'm so low
And I dont wanna walk around alone,(solo)
Said I dont want to walk this earth
If I gotta do it solo, (solo) solo
Verse 2 -
You was the beat onto my top line
Put us together
And you have to hit the rewind
See, you gave me a purpose
Now I'm getting nervous
That my heart will never sing again
Oh, when we was burning up the airways
They know us from the Virgin Islands to the U.K.
See, we was on our way to the platinum and gold
Never thought that you'd go , but you did yeah
Yeah, You did

Pre-Chorus

Oh and baby you left and sailed away alone (Yeah, alone)
And now you got me trapped up on this island
With no way to get home
Chorus
And I dont wanna go, go
I dont wanna go, go
I dont want it no, no
I dont wanna it no, no
I dont want to walk this earth
If I gotta do it solo (solo)
Chorus 2
Cuz I was so high (was so high)
And now I'm so low
And I dont wanna walk around alone,(solo)

If I gotta do it, solo (solo) solo
