## Agnostic Front

I've come to the end, nowhere to go  
Look back and I see remains left in the road  
Can't keep me behind closed doors or locked up in a cage  
I'll rise again, my strength comes from my pain  
Time to break free, don't hold me back  
The world is mine, be it cruel and unkind  
Can't keep me behind closed doors or locked up in a cage  
I'll rise again, my strength comes from my pain  
Voices, voices  
(Voices in my head, tells me I'm insane)  
Voices  
(Me grita en mi cabeza)  
Voices  
(Voices are to blame)  
I've come to the end, nowhere to go  
Look back and I see remains left in the road  
Can't keep me behind closed doors or locked up in a cage  
I'll rise again, my strength comes from my pain  
Voices, voices  
(Voices in my head tell me I'm insane)  
Voices, voices, voices
