

# I'll Get You What You Want (Cockatoo in Malibu)

## Constantine

Baby, stop right there  
Let me clear the air  
Baby, look into these eyes  
And let me apologize  
I know what you're thinking of  
Thinking where is the love  
Baby, love ain't goneIs here where it belongs  
I know what you're waiting for  
You don't need to wait no more  
I can give you anything you want  
Give you anything you need  
I'll make your dreams come trueGive you anything you want  
Fulfil your fantasies  
I'll make your dreams come trueYou want a unicorn?  
I'll give it to you  
You want a puppy dog  
I'll give it to you  
You want an ice cream cone  
I'll give it to you  
You want a mortgage [banking] loan  
I'll give it to youYou want a satin pillow  
I'll give it to you  
You want an armadillo  
I'll give it to you  
You want a diamond ring  
I'll give it to you  
You want a thingy thing  
I'll give it to youI know what you're waiting for
