Cliche

Christina Grimmie

I believed in all your candy hearts, baby
You said our castle in the sky would never fall apart, baby
I thought that you could never do wrong
You talk like your straight out of a love song
I don't buy a word that you say
Cause your love is cliche
Cause your love is clicheYou said your life would suck without me
You used to say my name so proudly
Said I was the only girl in the whole world
And every other girl they got nothing on meSo stereo so stereo
Such stereo typical lies
So typical so typical
So predictable I know its a lieI believed in all your candy hearts, baby
You said our castle in the sky would never fall apart, baby
I thought that you could never do wrong
You talk like your straight out of a love song
I don't buy a word that you say
Cause your love is cliche
Cause your love is clicheYou said as long as I have you I'd never be alone
You used to whisper sweet nothings through a pay phone
Said if I listened close, I could here that bass go...
I could hear that heart beat boom like a stereoSo stereo so stereo
Such stereo typical lies
So typical so typical
So predictable I know its a lieI believed in all your candy hearts, baby
You said our castle in the sky would never fall apart, baby
I thought that you could never do wrong
You talk like your straight out of a love song
I don't buy a word that you say
Cause your love is cliche
Cause your love is clicheI believed in all your candy hearts, baby
You said our castle in the sky would never fall apart, baby
I thought that you could never do wrong
You talk like your straight out of a love song
I don't buy a word that you say
Cause your love is cliche
