

She Ain't Seen Nothing Yet

Martina McBride

It's been a while since she heard him say
See you tonight his usual way
There's always some place he's gotta go
Somewhere he needs to be And it's not the same now when they touch
But she figures he's just working too much
Somehow that makes it all okay
And gets her through another day She's heard the talk all over town
But she don't want to believe he's runnin' around
Deep down in her heart she's willing to bet
Oh but she ain't seen nothin' yet She wouldn't read that heart shaped note
She found in the pocket of his coat
That time in the car she found an earring
You know that doesn't prove a thing She's heard the talk all over town
But she don't want to believe he's runnin' around
Deep down in her heart she's willing to bet
Oh but she ain't seen nothin' yet He's not the same man that she met
Oh but she ain't seen nothin' yet
She thinks it's as bad as it's gonna get
Oh but she ain't seen nothin' yet
