

It's Gonna Take an Airplane

Destroyer

It's gonna take an airplane
To get me off the ground
I don't blame anyone who isn't sticking around
Cause when you stick around (when you stick around!)
People like to put things in the ground
Now, in my
Evil empire I
Am going to be a star in the night sky
Above. "So you think this is love?"
Yes, I guess so
At least something to make it from...Dressed like a dream dreamt by Lola magazine
Baby you were born to be seen
And art's just the start!
Now step inside the Widowmaker
And listen to your heart!
Always 'the play', never 'the thing'...Submarines don't mind spending their time in the ocean...
