

The Swing

Inxs

It's the swing
It's the swing like a pendulum
It marks the moments as the years go by in an innocent phase
The swing into never, never landThere was a darkness like an old friend
That scratched and crawled up the wall
 Into my life, into my destiny
 Into my desireIt's the swing
 It's the swing like a pendulum
So look behind you when the race has run and the winner is named
The swing into never, never landThere was a darkness like an old friend
That scratched and crawled up the wall
 Into my lifeWell, it's the swing
 Yeah, the swing like a pendulum
Between the pieces and between the lines, there is nothing to hide
The swing into never, never landThere was a darkness like an old friend
That scratched and crawled up the wall
 Into my life, into my destiny
 Into my desireIt's the swing
 It's the swing like a pendulum
 It's the swing
It's the swing like a pendulum
 It's the swing
