Resurrection

Indecision

eternal life on earth, a resurrection
my resurrection
my blood still flows
I have a purpose
I have unfinished business
I was taken to early I have a dream, it was a mistake
I haven't kept my promise, I need more time
bring me back if just for one day
I have a purpose, I broke my promise
my dream was killed, somebody took me away
why, why, why, why
is there life after death
bring me back if just for one day
born again
betrayed again
