Go-Set-Ready

Phabo

It ainâ€™t the time
For you and I to be an item
My tempers always out of line .. but
You as selfish as a spider
Im glad I make you feel
Thatâ€™s how I know itâ€™s real
Real oh yeah
See.. You just canâ€™t
See just canâ€™t stop
What is destin
What is destin to take place
I guess that my head is in the wrong place
I guess i just donâ€™t donâ€™t feel the same way any more
One day you will get all of me for sure
but right now I gotta .... goo(leave) breathe !!!
There will be more there to explore but right I gotta .. breathe!
One day you will get all of me for sure
but right now I gotta .... goo(leave) breathe
There will be more there to explore but right I gotta ....

â€”â€”â€”

So amazing to see how I was
Such a fool (thatâ€™s all you wanted)
I canâ€™t give to think why I gave up on you
But Iâ€™m ready ... to love you
